Ex. 5 - Deliberative Process

This is in the final FRN for the limited approval / limited disapproval:

However, we proposed a

limited disapproval for three aspects of

ADEQ's minor NSR program under 40 CFR 51.160(e): The adequacy of ADEQ's NSR exemption thresholds for nonattainment areas; certain exemptions for agricultural and fuel burning equipment; and the lack of any basis for the PM_{2.5} NSR exemption threshold in any areas under ADEQ's jurisdiction. None of the comments on our proposal addressed our proposed limited disapprovals related to agricultural and fuel burning equipment exemptions or the missing explanation in the submittal for the PM_{2.5} NSR exemption threshold. As such, we continue to determine that these two issues warrant a limited disapproval, and further consider ADEQ's comments as they apply to the basis provided for ADEQ's NSR exemption thresholds for pollutants in nonattainment areas.⁹

Subject: ADEQ NSR updated rules

Hi Lisa & Julie: Colleen's notes for Alexis's call with ADEQ this Friday include this statement:

ADEQ NSR Rules

We have received a SIP submittal that corrects identified deficiencies in ADEQ's NSR program. The proposal was signed this week (provided Alexis signs it by Friday) and we have requested that HQ publish it by June 1, 2017, to avoid sanctions going into effect.
